TENNIS MEETUpper Half of Semi-finals for
Longwood Cup Won From
Watson M. Washburn
Kumagai Is Defeated.

Boston, July 31.—William M. Johnson of San Francisco, the national lawn tennis champion, today defeated Watson M. Washburn of New York in the upper half of the semi-finals for the Longwood cup at the Longwood Cricket club, 8-6, 6-4, 5-7, 6-4.

In the lower half of the semi-finals, J. J. Armstrong of Philadelphia defeated I. Kumagai, the Japanese champion, 6-2, 7-5, 7-5.

Both matches were played in the hottest weather of the year and all the players except Washburn became thoroughly exhausted.

Washburn played a splendid back court game and his deep drive to the far corners had the national champion on the run. At the net the Californian was able to utilize his deadly overhead smash, an all was the opinion of the experts that his hitting was even harder than that of former champion McLaughlin.

The Armstrong-Kumagai match was purely a back court affair. It was expected that Kumagai would wear down the Philadelphian, but it was the Japanese who wilted. In the second set he nearly collapsed after Armstrong had kept him running from one side of the court to the other.

He was within one point of winning the third set when his American opponent rallied, allowing Kumagai only three points in the last two games.

The final match for the New England Junior championship was won by C. S. Garland of Pittsburg, the Yale Intercollegiate champion. He defeated Arthur Pavreau of the Longwood Cricket club, 6-0, 6-1 and thereby earned the right to represent the east in the junior sectional championship to be held in New York next month.

The summary follows:
Longwood singles, semi-final round: W. M. Johnson, San Francisco, defeated W. M. Washburn, New York, 8-6, 6-4, 5-7, 6-4.

J. J. Armstrong, Philadelphia, defeated I. Kumagai, Tokio, 6-2, 7-5, 7-5.

Joe Wood.

Though Joe Wood at last accounts had not made terms with Owner Lannin of the Red Sox it's pretty likely that he soon will, as he says he's all set to pitch again. Lannin denies the rumor that Joe might be sold to Cleveland, but he denied the Tris Speaker rumor, too.

UTES AND SEALS
BEGIN TODAY

Salt Lake, Aug. 1.—Today the Salt Lake and San Francisco clubs begin a seven-game series at San Francisco. The week's play will bring to a close the Saints' present road trip, which is for two weeks only. The club returns to Majestic park Tuesday, August 8. Oakland will be our first opponent. The at-home stand will also before two weeks, with Vernon finishing the stay.

While the Saints have usually been successful against the Seals on the Salt Lake grounds, they have met with no such luck at San Francisco. The Seals have just finished taking a majority of the games played at Portland, and are feeling peppy in consequence. Wolverton's pitchers are giving a good account of themselves. Eric Erickson, Wolverton's

new pitcher from the Detroit Americans, has got straightened out and is pitching great ball. With Jack Coffey back in the game, Curley Brown is released for pitching service, also, and thus Wolverton is in good shape for slab men.

Hansen, according to E. C. Crossman, secretary of the club, made 243 July 23, and 242 yesterday. This also equals the record of 243 for a single score held by G. L. Wotkins of Los Angeles and a member of the Gisholt, Wis., team.

He went out in 36 and back in 37, one stroke under par. The remaining eighteen holes of the qualifying round will be played tomorrow.

Dudley Mudge of the Town and Country club, St. Paul, crowded Hubbell for honors, getting a 74 on 36 out and 38 in, while Carl Piepho of Cedar Rapids, Iowa, was the next lowest with 75. Thirty-three players finished under 82.

GERMANY BUILDING
TREMENDOUS FLEET

The Hague, July 31.—(Correspondence of The Associated Press.)—That Germany is building a tremendous mercantile fleet, including the largest ship in the world, was declared by Herr Ballin, general manager of the Hamburg-American line, in an interview with the Hamburg correspondent of the Frankfurter Zeitung.

The ship referred to is the Bismarck, of 56,000 tons, being constructed for the Hamburg-American line. There is also the turbine ship, Tirpitz, of 3,200 tons under way, and the list also includes three others of 22,000 tons. At the Vulkan yards, Bremen, nine ships are building, four of them having a carrying capacity of 18,000 tons, these being the world's greatest freight steamers.

In addition, Herr Ballin continued, three big liners are under way at the Flensburg yard. Two more steamers of 13,000 tons and three larger passenger freight steamers are being constructed. Two cargo ships of 17,000 tons each being constructed especially for the Panama Canal trade at the Tecklenburg yards at Geste-münde. The North German Lloyd is building at Dantzig two fast liners of 35,000 tons, the Columbus and the Hindenburg. These are to be speedy, designed to cut down the time between the Continent and New York. The same company is building twelve other ships of 12,000 tons; the Munchen and the Zeppelin, of 16,000 tons each. The Bremen-Africa line is constructing six steamers, the Hansa line eight, and the Cosmos line ten, ranging from 9,000 to 18,000 tons.

MANY AUTOMOBILES
BEING REGISTERED

Salt Lake, Aug. 1.—Of fifteen applications received in the mail yesterday at the secretary of state's office for registration of automobiles, every one was for a 1916 model car.

The fact that so many of the applications for registration are from owners of new cars is a matter of considerable interest to the employees of the secretary of state's office.

One clerk explained that since the percentage of cars for the population of the state is gradually climbing up, the chances of being an owner of one are better.

The total number of automobiles registered up to last night was 11,869.

The annual meeting of the Irish Trade Union Congress and Labor party, which was to have been held at Sligo at Whitsuntide, has been postponed until August bank holiday and the two following days.

ARTILLERY HAS
STARTED AGAIN

London, July 31, 3:55 p. m.—The entente allies maintain unceasing pressure both on the western and eastern fronts, as well as the Italians on the Austrian front, and heavy battles are being fought in all the fields. Artillery started afresh on Sunday from Delville wood to the Somme and dogged progress was made, which brought the British to the village of Maurepas. The misty weather which has hindered the operations, has given place to clear skies, with intense heat. The Germans are making the most pronounced counter-attacks and officially claim that the entente allies have not gained a foot of ground by Sunday's attacks.

FRENCH MAINTAIN POSITIONS
DESPITE STOUT RESISTANCE

Paris, via London, July 31, 11:59 p. m.—The war office communication made public tonight, says: "North of the Somme the Germans today continued their counter-attacks in the Hem wood and on the Monacq farm. All their attacks failed with serious enemy losses and we maintained the captured positions. "On the right bank of the Meuse (Verdun sector) the artillery duels continue violent in the sectors of the Thiaumont and Meury."

GERMAN SHORTAGE OF
MILK IS DENIED

Washington, July 31.—A report from the American embassy at Berlin, dated a week ago and made public today by the state department, again denies reports that a milk shortage in Germany. It supplements a more detailed report of the same nature made early in July and says that since then there had been an appreciable increase in the milk supply.

Both reports were drawn up by Dr. A. E. Taylor of the embassy staff, who has spent the past three months investigating food conditions throughout the empire. In the one given out today he says:

"All the information which has come to me since I wrote my last report on the milk situation in Germany substantiates my report to the effect that there had never been at any time such a scarcity of milk as to materially involve the nutrition and health of either sick or healthy children, or of nursing mothers in Germany. Since the date of my report there has been an appreciable increase both in the milk supply of Germany and in the importations of dried milk into that country."
